

Pioneering with heart

Together we will pioneer a future of bold educational innovation that is anchored in the timeless values of our Salesian spirit.

Values

Community

We build a sense of belonging through our House system, student leadership, and shared responsibility. Every student is seen, supported, and celebrated.

Learning

We encourage curiosity, critical thinking, and personal growth. Learning happens in every space – from classrooms to retreats to playgrounds.

Excellence

Students are supported to pursue their personal best in academics, the arts, sport, and service. We value effort, progress, and achievement.

Faith

Inspired by Saint John Bosco, we promote kindness, presence, and relational connection. Faith is embedded into daily life through prayer, liturgy, and service.

We embrace the Charter for Salesian Schools in Australia, striving to be: A home that welcomes; A parish that evangelises; A school that prepares for life; A playground where friendships flourish.

Strategic intents

Presence as a priority

As the world becomes more digitised, our signature will be authentic human connection. Strong relational connections will ensure every student feels seen, every parent is a partner, and every staff member champions our spirit. We are a school community where every person feels they belong.

"It's not enough to love the young; they must know they are loved."
St John Bosco

Anchored in mission, designed for today

We are committed to growth for all. We remain one school across two sites. We pursue bold initiatives with clarity, strong communication and a shared Salesian spirit that strengthens our Catholic identity as we scale our impact.

"Do ordinary things extraordinarily well."
St John Bosco

Personal agency, purposeful pathways

We pioneer a culture where student agency is a catalyst for academic and personal discovery. Our supportive learning environment and skilled educators empower students to own their learning journey and forge a purposeful path.

"Education is a matter of the heart."
St John Bosco
